Save And Go To ▶

CEIS Status: **Voluntary**

If "Voluntary" CEIS is optional.
If "Required" CEIS must have
funds allocated.

The table below includes read-only information specific to your district (through C) and the impact these allocations have on establishing the amount of IDEA funds set aside to implement Coordinated Early Intervening Services (CEIS). The amount in Column D is 15% of your district's total IDEA allocations. If your district is required to implement CEIS, this is the amount of IDEA allocations that must be set aside for this purpose.

If your district is voluntarily implementing CEIS, this is the maximum amount of its IDEA allocations that may be set aside for this purpose, though it may set aside less. The entire amount set aside to implement CEIS may be transferred from the IDEA Basic allocation in column A. However, if the district chooses to support CEIS using IDEA Preschool funds in column B, then the maximum amount of these funds that may be used is reported in column E whether the district is required or voluntarily. IDEA Preschool funds supporting CEIS should always be less than the amount of IDEA Basic funds supporting CEIS.

Columns D and E provide
guidance for amounts if
allocating CEIS funds.
